Dear Joy Ayrton:

Thank you for considering Thompson Event Management and Supplies as a partner. We truly appreciate the humble privilege and the meaningful purpose Joyful Charity brings to our community, and it is an honour to explore ways we can contribute to your mission.

We would like to offer in-kind services, event, and logistical management to help make your event sustainable and scalable. While our cash resources are fully committed this year, we would still love to support you. Though different from a cash donation, we hope this partnership adds value to your mission and reflects our commitment to meaningful causes.

Please let us know if our in-kind proposition would be acceptable, or if there are other ways we might collaborate. Thompson Event Management remains dedicated to positively impacting our community, and we look forward to exploring ways to evolve our partnership.

Sincerely,

Giselle Pretto
